

Company Member Requirements

We are excited to witness the talent that our community has to offer! The following information is provided in an effort to be forthcoming with potential members regarding requirements and time commitment.

- **Audition Day:** Please prepare for a 90 minute advanced technique class, followed by partnering and choreography. We ask that the ladies wear pointe shoes for at least part of class so that our judges may observe their pointe work.
- **Company Classes and Rehearsals:** Will be held on Friday evenings and Saturday afternoons. Members are required to be in at least 5 ballet technique classes per week. Members are able to take class at any school of their choosing and are welcome in any Ballet Etude Academy classes, free of charge.
- **Spring Season:** Will run from January 26 through June 1. Members commit to the duration.
- **Fundraising:** In order to make this a cost free experience for our dancers, we require all members to participate in fundraising. As a 501c3 non-profit organization, all donations made by businesses and individuals are tax deductible.

Please feel free to reach out with any questions!
